

5Th Grade Summer Reading:

During the summer months it is important to read as often as you can. Whether it is at the beach or poolside, books are a wonderful way to let your imagination soar: it's also a great way to pass the time on a rainy afternoon! Books can take you places that you can never imagine! You are required to read 3 books, 1 required and 2 of your choice.

- ___ "Wonder" by R.J. Palacio (This is the required book).
- ___ One fiction book of your choice
- ___ One non-fiction of your choice

BOOK REPORT SAMPLE:

On a large 5 by 8 inch index card, (One card per book), write the following:

Title:

Author:

Summary: (5-6 Sentences) This must begin with a "topic sentence." The additional sentences are the supporting details related to the topic. The last sentence is the conclusion or opinion related to the topic. On a separate sheet of paper, please include an illustration of your favorite part of the book. Please paper clip your summaries to your illustrations or staple.

Summer Math

Dear Class of 2022,

All students entering Grade 5 in September are **required** to complete the following 10 skills over the summer. Students should practice these skills for a total of 30 minutes each. You do not have to practice for 30 minutes at each sitting. IXL will record all your minutes! Don't forget to login to your account first. *This will count as your first math quiz in September!!*

****FOURTH GRADE MATH LEVEL SKILLS**

D.1 Facts to 12
D.17 2 digit multiplied by 2 digit
D.23 Word problems
E.8 Divide larger numbers by 1 digit
E.9 Word problems
W.1 Open and closed figures
W.2 Is it a polygon?
W.5 Parallel, perpendicular and intersecting lines
B.1 Perimeter
BB.3 Area

****These skills will be highlighted by yellow stars on the IXL webpage in case IXL decides to shift things around over the summer. The stars will always be on the correct skill, even if the letter/number changes. Use your STUDENT ANALYTICS to check your progress.**

In addition, students are also encouraged to practice the following skills and any other skills they wish from grades 4, 5 and 6.

FOURTH GRADE MATH LEVEL

U.1 – Adding decimals

U.2 – Subtracting decimals

Z.1 - Acute, right, obtuse and straight angles

P.1 – Fractions Review

Sincerely in Christ

Mrs. Gayle Scirocco

K-8 Math Coordinator

7th & 8th Grade Mathematics
